**Deluxe
Beach
Cottage**

US\$150

Special discounted rates available for stays over a week and to Dominican & Caricom residents, Diaspora & repeat guests.

Individual hardwood self-contained cottages in typical Creole vernacular architecture are nestled within lush flower & fruit gardens fringed by Dominica's longest sandy beach known to the island's first settlers as Ayohayo.

Our **Wellness Eco Cottages** each contain one en-suite bedroom with queen bed, a kitchenette and living/dining area and a private veranda. In-room facilities include; a daybed in the living area, iron & board, Cable TV, Wifi, and local herbal & organic teas and personal amenities.

Take advantage of snorkeling right at our reef only steps away, relaxing on the beach or in the gardens, or take advantage of many activities and the natural & heritage attractions area; Scuba diving and snorkeling, Whale Watching, visiting the Cabrits National Park, taking a ride up the Indian river, and the site where the scene of 'Calypso's Den' in Pirates of the Caribbean 2 was filmed, Bird Watching at the Syndicate Forest Reserve, Island Tours and Adventure Hikes and horseback riding around the island.

At Picard Beach 'Wellness Eco' Cottages we offer wildlife & adventure tours, Scuba diving, honeymoon and wedding packages and invite our guests to join in our wildlife preservation and environmentally sensitive operations and projects.

Dining at **Le Flambeau Restaurant & Beach Bar** just next door is informal and relaxing; serving breakfast, lunch, dinner, all day snacks & cocktails all with a Creole-Caribbean twist on international favorites. Room service available.
